Hospital SafeGuard GI (HSGGI)

What if you had a hospital stay?

Would you be able to pay out-of-pocket costs that may come with it? We don't like to think something like this will happen, but when the unexpected hits, sometimes our bank account isn't ready. While an HSGGI plan can't keep you out of the hospital, it can help offer some cash relief with fixed cash benefits.

HSGGI includes straightforward cash benefits for:

- Inpatient hospital visits
- Outpatient surgical visits
- Doctor's office/urgent care visits for illness or injury
- Emergency Room
- Ambulance
- Diagnostic imaging and testing
- Wellness/Preventive care¹

Benefits are paid regardless of other insurance. Details about the benefits paid for these services are on the next page.

If a serious accident happens

If an accident happens that causes the loss of life, limb or sight (blindness), within 30 days of the date of the accident, we will pay a cash benefit.² (See page 6.)

Why hospital insurance?

Though no one expects to go to the hospital, that is probably the best reason for hospital insurance – help for the unexpected. Even with other insurance most people will have to pay some portion of their medical bill out of pocket. With a plan like HSGGI, you can receive fixed cash benefits for qualified medical services, like a hospital stay, to help you cover those out-of-pocket expenses, and you can use it however you see fit.

What does “fixed benefit” mean and how does it work?

“Fixed benefit” simply means we pay a set (or “fixed”) amount for certain qualified medical services. See amounts on the next page. If you receive an eligible service and the claim is submitted to us, then qualifying benefits will be paid in the amounts shown to your provider or to you.

¹ Wellness/Preventive Care Benefit is not available in CO.

² Loss must be within 90 days in MD. Accidental Loss of Life, Limb or Sight Benefit Rider is not available in VA.

Save with network providers¹

With HSGGI plans, you can use any health provider, but you may save money if you visit a MultiPlan network provider

Save using MultiPlan's nationwide network

HSGGI benefits are paid the same, regardless of which licensed providers you use. However, you can save with discounts available through the MultiPlan Network for Limited Benefit Plans. MultiPlan offers access to over 4,400 hospitals and 980,000 health care professionals.² Network providers have agreed to offer discounts on covered services which are reflected in your final bill. (Discounts for non-covered services are at the provider's discretion.) Discounted costs for services mean you may be able to reduce your out-of-pocket costs for medical services. If you have a major medical plan, you may need to stay with certain networks and providers to get the most coverage out of that plan. Be sure to take that into consideration.

How to receive benefits:

- For the MultiPlan Network for Limited Benefit Plans discounts to apply, benefits must be paid directly to the provider. Ask your provider for the assignment of benefits form.
- Claims for covered services are submitted by the provider who is then paid by the insurance plan. If the payment is less than the claim amount, you pay the difference to the provider. If the payment is more than the claim amount, after the provider is paid, the remaining benefit is paid to you by check.
- Alternatively, you may submit a claim form for covered services you have paid, and we will reimburse you directly.

Plan Provisions

This is only a general outline of the provisions. It is not an insurance contract, nor part of the insurance policy. You will find complete coverage details in the policy. Some state exceptions may apply (see State Variations). The purchase of this plan is not contingent upon purchasing or having any individual or group health insurance coverage.

Eligibility

At time of application, the primary insured and spouse (as defined by state) must be between 18-64 years of age (18-60 in DE and MD) and eligible children 0-25 years of age or as required by state.

Misstatement of Age

If the covered person's age has been misstated on the covered person's application for coverage under the policy, any future premiums may be adjusted and past premiums may be refunded or owed to us based on the correct age. If a covered person's age has been misstated and we would not have issued coverage for that covered person, we will refund the premium paid minus any benefit amounts paid by us, and coverage would be void from the effective date.

Notice of Claim

We must receive notice of claim within 30 days of the date the loss began or as soon as reasonably possible.

Premium

Premium rates are subject to change. Your age, family status and level of coverage are some factors that could be used to determine your premium rate. You will be given at least a 31-day notice (or longer if required by your state) of any change in your premium. We will make no change in your premium solely because of claims

made by a covered person under the policy or a change in a covered person's health.

Preexisting Conditions

We will not pay hospital and surgical benefits, as outlined in the policy, for a loss which manifests due to, results from, is caused or otherwise contributed to, a preexisting condition. The preexisting condition limitation will not apply longer than 12 months (or as required by state) after a covered person's applicable effective date under the policy.

"Preexisting condition" means any illness, injury or condition:

- For which medical advice, care or treatment was recommended to or received by a covered person within 6 months immediately preceding the covered person's effective date under the policy;
- For which any diagnostic procedure or screening was recommended to or received by the covered person within the 6 months immediately preceding the covered person's effective date under the policy that results in medical care or treatment after the covered person's effective date; or
- That manifested symptoms which would cause an ordinarily prudent person to seek medical advice, diagnosis, care, treatment or further evaluation within the 6 months immediately preceding the covered

person's effective date under the policy.

Renewability and Termination

The policy is renewable until the earliest of the following:

- The end of the premium period when the primary insured turns 65 or the primary insured's death. If the policy includes a spouse, it may be continued by the spouse after the primary insured's 65th birthday or death;
- Nonpayment of premiums when due;
- The date we decline to renew this policy or the date we discontinue offering and refuse to renew all policies issued on this form for all residents of the state where you reside;
- The date we receive a request from you to terminate the policy; or
- The date there is fraud or a material misrepresentation made by or with the knowledge of a covered person.

Underwriting

Insurance plans are not subject to medical underwriting.

Waiting Periods

There is a 30-day waiting period before benefits are payable for the Wellness/Preventive Care benefit in most states.
